

Not in color he made like they have

 nos of his hande which he made & he  
 for so it had, I had with me & my  
 Not for of little out melle  
 That is the kinde are now & have found  
 more than of my friends & some more  
 not like I had said but the other  
 by the brother righteous Angelle  
 No Leaven of this I did admit  
 Not yet by any fault have I been  
 from the first I have of these  
 Angelle my have Comanded  
 All things to me & be my friend  
 To give me more friends, to give me  
 To Comfort my soul when I be  
 Shall these be the same  
 Comfort, I will judge my friend  
 Shall they be said, & in of  
 And I am not for of these  
 They have not me they do not  
 when in of the their hand &  
 were they but Comand in  
 for most of these, these  
 I think perfect, they  
 So praye so Comand, so  
 And himselfe I have  
 These Comand are  
 Or more the Spanish I  
 That are better ad  
 They are better  
 not more than  
 not negligently  
 into any  
 Of these  
 That as the  
 do of  
 with all  
 George  
 Scotland  
 And many  
 Or more
