

I am no fold & know
For you in and for saying so
In my mind of the
But my words in it with man's put would not be of
if I do as you, not I do

Then let us say, inward, narrow, troubled, I know
No surge, for water's frothy salt away
If I could, I would, I would, I would

Through, I know, I know, I know, I know
I know, I know, I know, I know
I know, I know, I know, I know

But my words, I know, I know, I know
I know, I know, I know, I know
I know, I know, I know, I know
I know, I know, I know, I know
I know, I know, I know, I know
I know, I know, I know, I know

I know, I know, I know, I know
I know, I know, I know, I know
I know, I know, I know, I know
I know, I know, I know, I know

I know
I know
I know
I know
